EXPERIENCE

DEVELOPER   2024

Beluga Kreativ - Wilhelmshaven

In this start up, my tasks included managing a small team of designers and developers as well as developing the front and back end of a web app with e-commerce functionality.

STUDENT WORKER   2016

Union Investment AG - Hamburg

Along my prior studies of Corporate Finance, I have worked as a student worker in the real estate business. The department I have worked for was responsible for the management of a latitude of globally distributed holding companies that served the purpose optimizing the tax structure and assist the future sale of real estate through share deals.

ASSET MANAGEMENT INTERN   2015

Commerzbank AG - Luxembourg

In this 6 months traineeship of bond management my tasks included the valuation of fixed income products, reporting & database maintenance while merging with another bank. Here, I used software like Excel, Bloomberg, FrontArena and PowerPoint on a daily basis.
